“ My heart goes out to her kids & family. Kayla was a very good friend of mines when we used to work together at Mid-South Electronics. She was a great team leader that taught me. We would get off work & meet at each other's house to let our kids play together. When she was struggling I would help her or vice versa...she was like a sister. I can remember one day at Mid-South on Sutton Bridge road, her & I were in the back hallway putting together some work tables in the heat. We were sweating

like crazy...I said let's start saying "Help" just to see if anyone could hear us. Well, she would say help & I would say help. We got louder each time & was just giggling the whole time. We just so happen to look up & the whole department was standing there looking. They were so mad cause they really thought something was wrong with us. Lol!!! I sure hate that I didn't get a chance to see her before all this happened & she will always be someone that I remember. Praying for comfort & strength to her family & much love. Kayla was a truly great person to know.

“ Sweet Kala, I will forever treasure the message you sent me in January. It meant so much to me to know of your love and admiration of me. I don't know what I did that made you admire me but I am glad I could be an inspiration. Fly high sweet angel. You will be missed.
