“ *Cullie was my cousin but he was more like a brother to me. He has always been a big person in my life from running all over the mountain, playing silly kid games, convincing me to jump off roofs with an umbrella, trying to get me to bait a hook which never happened, some really great times and some really hard times together, I'm so thankful for the memories. I'm so sad to know I can't call or visit him anymore. He was a good, kind, caring friend to all who knew him and he will be greatly missed.*

“ Cully and his family live next-door to us when we were growing up even when they moved off we still remained friends. They were more like family to us than just friends, as a matter of fact when we were little we used to tell people we were cousins. His parents, Konnie and Linda, We're good friends with my mom and dad, again we were like family !!  
Christopher if there's anything I can do for you please let me know, I know Cully would've wanted it that way !.
