“ Joseph was my little brother. We talked nearly every day. I basically raised him. I miss him so much. He knew how much I Loved him. His life was very short He had 2 stints first. Then later a pacemaker. Then ,5 bypass with 5 stints. Then his defibrillator. And less than a week before he passed he was diagnosed with congested heart failure. And less than a week after he got out Congested Heart failure is what he died from.
