“ *Idk If this is appropriate here so I apologize before hand. This man saved lives. On multiple occasions he went out of his way to lend a hand to his students. Being one of them I can say he made all the difference in my life. I was failing in school and if it hadn't been for his beliefs in me and many students I wouldn't have made it through. He was a wonderful mentor and while I was so sad to leave, the lessons I learned helped me as an adult growing up. Thank you for saving my life.*
