“ Me and Ralph and Tan would go fishing at 10 Island close to where we all live, Ralph was always two miles down the road. my son was about 6 years old and Ralph was showing him how to fish all of a sudden Ralph starts yanking on his fishing pole like he's got 100 lb fish on the line and puts on a really big show for my son who's standing there in awe with his hands covering his mouth, truth be known he even fooled me too because I got out the video camera and started filming waiting for this massive fish to surface, the results was a fish about the size of your hand and he held it up and just smiled from ear to ear.
I'm used to cooking on Sundays for Ralph and I just kind of don't know what to do with myself, I miss you my friend
