“ *This wonderful man was my husband. I took care of him when we learned he had cirrhosis of the liver. I would like to express my appreciation to the staff of the 7th floor of Gadsden Regional Medical Center, where he spent most of his hospital stays when he needed what we could not provide at home. Ricky chose to go home with hospice, so he and I made that decision as a married couple. From that point on, I did my best to give him everything he wanted and kept him comfortable. I do want to thank Dr. Jaiswal who was his hospital doctor. I also want to thank his GI doctor, Dr. Vijay Tummala. And also thanks to all the RNs, CNAs and all other hospital workers. I would like to express my appreciation to Gentiva Hospice. God Bless.*
