“ *You know how they say that everyone enters your life for a reason? I whole heartedly believe that to be true. I have met some of the most amazing people who will have a lasting impact on my life. Each person has contributed to who I am in some way, shape, or form, and for that I am grateful. There are certain people, though -- the ones who have a very special place in your heart. The ones you will never forget and can't thank God enough for crossing your paths. To my beautiful friend who was taken too soon, I love you and miss you! We will think about you always, we will talk about you, you will never be forgotten. We will hold you close in our hearts and there you will remain to walk and guide us through our lives until we meet again.*
