“ *W.C. was my uncle and my friend. He was a genius at anything mechanical. He could quietly teach you work skills and life skills with equal ease. Always a smile and always there for you. He loved everyone. I miss him.*

“ Hello Pop! This is Tim and it's really hard to do this right now but I feel I need to speak my thoughts. You were the greatest man I have ever known. You had the faith that carried you through many years of great health and prosperity. You never complained about the cards that were dealt to you. You just played your cards knowing that you would win and you always did. You have so many friends and family, far more than I will ever have or deserve. I am thankful to have had you in my life! You taught me so much through the years. Your smile is missed sooooo much! The tears and pain will never go away. Your memories will always be embedded in my mind. You are home now. You are with those who passed before and I'm sure you are having the time of your life now. Your memory has been restored! Thank God! Until we meet again.....memories will have to do. Thank you for being such a great role model in my life. I love you and miss you Dad.
